

South Bay Salt Pond Restoration Project

Alternative C: Alviso
Tidal Habitat Emphasis
DRAFT

LEGEND

- Project Area

- Infrastructure Features**

 - Highway
 - Hetch Hetchy Aqueduct
 - Railroad
 - Overhead Power Transmission Line
 - Wastewater Outfall
 - Sewer Force Mains
 - PG & E Access Points
 - Underground Distribution Line

- Habitat Features**

 - Tidal Habitat
 - Upland Transition Area
 - Managed Pond
 - Managed Pond (Outside of Project Area)

- Flood Management Features**

 - Flood Protection (Existing + Proposed)
 - High Ground

- Recreational Features**

 - Ranger Station
 - Interpretive Trail
 - Historic Site
 - Fishing
 - Kayak Launch
 - Hunting
 - Viewing Opportunity
 - Environmental Education Center
 - Existing Trail (to remain)
 - Existing Trail (to be removed)
 - Year-Round Trail
 - Seasonal Trail
 - Water Trail
 - Auto Trail

Map datum and projection: NAD83, UTM Zone 10N
 Map data: Siegel & Bachand, 2002 (sewer force mains, H.H. Aqueduct, power transmission lines, distribution lines), Cargill (pond boundaries), SFEI (baylands), EDAW (Highways), NASA (South Bay Imagery)
 Map by: EDAW Inc. Map date: October 19, 2005
