

South Bay Salt Pond Restoration Project

ALVISO OPTION 0 No Action with Initial Stewardship Plan

LEGEND

- Project Area

- Infrastructure Features**

 - Highway
 - Hetch Hetchy Aqueduct
 - Railroad
 - Overhead Power Transmission Line
 - Wastewater Outfall
 - Sewer Force Mains
 - Underground Distribution Line

- Habitat Features**

 - Full Tidal
 - Seasonal Ponds
 - High Salinity Ponds
 - System Ponds
 - Water Control Structure
 - Levee Breach
 - Potential Freshwater Input
 - Seasonal Ponds/High Salinity Ponds

- Flood Management Features**

 - Existing Flood Protection Levee (not necessarily certified by FEMA)
 - Existing High Ground

- Recreation Features**

 - Existing Bay Trail (Spine)
 - Existing Bay Trail (Spur)
 - Existing Other Trails
 - Point of Interest

Map datum and projection: NAD83, UTM Zone 10N
 Map data: Google & Earthstar, 2002 (sewer force mains, H.H. Aqueduct, power transmission lines, distribution line), Cargill (pond boundaries), SFEL (baylands), EDWA (Highways), NASA (Bloom Bay Imagery)
 Map by: EDWA Inc. Map date: October 21, 2004
