

South Bay Salt Pond Restoration Project

Figure 5c. Alternative 3: Tidal Habitat Emphasis: Ravenswood

LEGEND

- Project Area**
 - Project Area (Red outline)
- Infrastructure Features**
 - Highway (Black line)
 - Railroad (Black line with cross-ticks)
 - Underground Distribution Line (Pink line)
 - Sewer Force Mains (Purple line)
 - Overhead Power Transmission Line (Yellow line)
- Habitat Features**
 - Tidal Habitat (Light Green fill)
 - Tidal Habitat (Outside of Project Area) (Light Green fill with diagonal lines)
 - Upland Transition Area (Dark Green fill with diagonal lines)
 - Managed Pond (Blue fill)
 - Managed Pond (Outside of Project Area) (Blue fill with diagonal lines)
- Flood Management Features**
 - Flood Protection (Existing + Proposed) (Brown outline)
 - High Ground (Brown hatched area)
- Recreational Features**
 - Existing Bay Trail (Spine) (Yellow line)
 - Existing Bay Trail (Spur) (Dashed yellow line)
 - Existing Other Trails (Yellow line)
 - Proposed Trail (Outside of Project Area) (Yellow line with cross-ticks)
 - Proposed Tidal Trail (Yellow line with dots)
 - Proposed Levee Trail (Yellow line with dots)
 - Point of Interest (Yellow circle)

Map datum and projection: NAD83, UTM Zone 10N
 Map data: Siegel & Bachand, 2002 (sewer force mains, H.H. Aqueduct, power transmission lines, distribution line), Cargill (pond boundaries), SFEI (baylands), EDAW (Highways), NASA (South Bay Imagery)
 Map by: EDAW Inc. Map date: January 14, 2005
